

NYG Marketing Services

Marketing Services

Some Active Members and Sponsors seek to be successful in part by co-marketing their business or organization with NYG at NYG events, in NYG publications, and NYG public appearances. For this reason, NYG has created a Marketing Services Group that will offer a menu of specific co-marketing opportunities for Members and for Sponsors. Based on compatibility with the purposes of NYG and of the specific opportunity, the Marketing Services Group reserves the right to determine the appropriateness of co-marketing with any business or organization proposed by a Member or a Sponsor. There will be marketing services fees based on selected options.
